

River City Youth Soccer League

2013 Coach's Handbook

Introduction

The game of soccer is just that--a game. The number one reason (well documented in a number of studies) children participate in soccer is to have fun. If they don't have fun, they will soon quit. It is detrimental to the player if there is too much pressure placed on them too early to achieve a result rather than simply experiencing the sheer joy of a youth game.

Youth soccer is not about how many wins and losses are accumulated. And, it is surely not about how many trophies are collected. Yet, some misguided coaches think just the opposite. Most people would agree; children do not think like adults. Then why do we expect them to play like adults? Proper soccer development means children playing age appropriate activities, so they are able to experience, comprehend, and execute the game as it relates to where they are in their cognitive development.

It is about playing all the different positions on the team, so the player learns all the skills necessary to develop in the game. It's about receiving equal playing time, so the players are all given equal opportunity to learn. It's about learning the techniques of the game through a variety of fun games where players have as much contact with a ball as possible and learn at their own rate.

RCYSL wants you to respect the game of soccer, respect the players, the opponents, the referee, and the parents. Go about your teachings in a thorough, positive, yet humble manner. Players should come out of their experience with the coach as better people and better citizens, not just better soccer players. So please take the responsibility of instructing RCYSL impressionable youth with a great deal of care and joy. And, enjoy the handbook in the manner it is intended.

Planning for the Season

Parent Orientation Meeting

All Coaches are encouraged to establish effective lines of communication with the team parents early in the season by holding a parent orientation meeting. This may take the form of a casual discussion in your living room, or it could be combined with a team outing or picnic. Whatever the format, the time you invest will pay dividends for all concerned throughout the season. If a meeting is impossible, then the following information could be put in a letter to parents/players. But, a face-to-face meeting is preferred.

Purpose of a Parent Orientation Meeting

- Enables parents to understand the objectives of the team.
- Allows parents to become acquainted with you, the coach.
- Inform parents about the nature (and inherent risks) of the sport.
- Articulate your expectations of them and of their children.
- Enables you to address any parents' concerns.
- Establishes clear lines of communication between you, parents, and players.
- Allows you to obtain parental support.

Things to Consider When Organizing the Meeting

- Hold it early in the season, preferably before the first team practice.
- Having the players present is optional. However, if they are not present then it is advisable to hold a meeting with your players and clearly explain to them what you explained to the parents.
- Be prepared and be organized to conduct the meeting efficiently.
- Prepare any handouts you would like to distribute, for example:
 1. Team roster
 2. Schedule of practice and games
 3. Club rules
 4. Team goals/rules
 5. Summary or outline of the meeting

Substitutions

Unlimited substitutions may be made at the discretion of the referee at the following times:

- Before a throw in favor of your team
- Prior to a goal kick by either team
- After a goal is scored by either team
- At halftime
- On an injury time out by either team (the injured player(s) only or an equal number of players on opposing team)

(Please note that the rules state that if a coach is called onto the field by the referee to assist an injured player, that player must be substituted for at the time, including the goal keeper.) A Player receiving a caution (yellow card), may be substituted to allow "cool down" in order to avoid an escalation of behavior.

Playing Time

Each Player will play a minimum one (1) half of each game. A coach may play a player less than half for health or disciplinary reasons. Coaches playing a player for less than half of a game must be prepared to document the reason if the opposing coach protests.

Goalkeeper

In U8 divisions, no individual player should play the position of goal keeper in any game for more than half (1/2) of the game.

5-Goal Differential

It is the responsibility of the winning coach to do everything in his/her power to control the goal differential. When the goal differential reaches five (5) goals, the coach that is ahead has the option to pull one (1) player from the field of play. If the score continues to climb, the coach that is ahead is expected to place additional restrictions on his/her team (i.e., additional players removed, restrictions on attacking players or shots taken outside of penalty area only, etc.). If the losing team begins to diminish the five (5) goal differential, the coach that is ahead must make appropriate adjustments. In no cases, shall this recommendation require a team to play with less than the minimum number of players required for a game for the age group.

Special Rules for U8; Offside

Offside is generally not called unless in the opinion of the referee a player is being coached or remaining in an offside position to gain an advantage of a scoring opportunity. A restart shall be awarded to the opponent with an indirect kick.

The completed form is forwarded to the individual's Club Manager, or to a League official for the appropriate action. The Match Report form may be downloaded from the RCYSL website.

Any hosting club that fails to provide the required Referee in the proper attire at the scheduled game time should be reported on a Match Report form. The Match Report form should be sent to the League Referee Coordinator within 24 hours. The League may impose a fine upon the host club for each offence unless the offense was due to circumstances completely beyond the control of the club.

The referee shall allow each coach to make written comments on the game card at the conclusion of each game. He/she must include the name and phone number for each coach making the written comments

Our U6 players

RCYSL philosophy is to make every child soccer experience a positive one. RCYSL is here for the children and their development as soccer players. Every child must play 50% of every game and each player should experience every position on the field throughout the season. We also stress to coaches that they try to make everything fun based from training sessions to games.

RCYSL is not concerned with results, and no score or record should be taken at this age group. If your team is dominating another, please try to rotate your players in order to stop your team running up a score.

To follow the RCYSL philosophy, we recommend that before you hold a practice session, hold a team meeting and explain to parents your goals for the season as well as what you are trying to achieve.

At RCYSL, we believe training sessions at this age group should take place once, too twice a week, and last for roughly one hour. This should be enough time to hold a training session, which will keep the concentration of the players while enabling you to focus on a specific skill. If you plan correctly, the time allotted should allow for a warm up, at least two drills, and a small-sided game (if needed),

- Field of play: U10 35 to 40 yards maximum width
